Monday at 2 will work as will a face to face anytime Tuesday.

Thanks.

Mike, why don't we talk Monday afternoon, perhaps at 2? I should have a number of things to share with you by then, which you should get from me by email before we talk.

If you are okay with it, I also propose we meet in person either on Tuesday afternoon or Wednesday (anytime) so I can begin to tie you more effectively into the decision making process as we try to get this thing underway. I want to make sure I know how to do that most effectively.

Looking forward to working with you.

Stan,

I just returned to my office from a couple days in the field.

I am going to be available Monday and Tuesday of next week, so anytime then would be best.

Sorry I missed your call.

Let me know what time works and we can discuss the project.

Mike Hoppe

Mike,

Is there a good time for us to talk about upcoming aspects of the River Mile 10.9 Removal Action, about document flow as I begin to get the construction plans, about what works for you so I keep you informed as I learn more on schedule, equipment, etc.?

Stan
